Dear Residents and Families/Representatives,

It is hard to believe that it has been over two months since COVID-19 changed all of our lives so drastically. We have all had to make big adjustments in an effort to keep everyone in our community safe, and we appreciate your support as we continue to take all necessary steps to prevent further spread of COVID-19.

Our staff has been working hard to make sure our residents are safe and we are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

We are committed to keeping the number of positive cases in our facility at zero. However, we recognize this is an extremely contagious virus and we must remain vigilant in practicing the enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

Due to some technical issues, we have not been able to post these updates on our website as we had anticipated. We believe these issues will be resolved soon and we plan to resume electronic updates as soon as possible. In the meantime, and until we can update our website, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly **803-328-6518**.

## WEEKLY UPDATE

7-2-2020

Dear Residents and Families/Representatives,

Please accept this letter as Magnolia Manor Rock Hill's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. Magnolia Manor Rock Hill tested all residents and staff on 5-11-2020. All test results were negative.

Our facility continues to follow the CDC and our local health department's guidance for all appropriate precautions and preventative measures to protect our residents and staff during this pandemic, including visitation recommendations. As such, and in accordance with the guidelines available to us, we are still continuing restrictions on visitation at this time.

We realize how difficult it is not to be able to see your loved ones, and we continue to closely monitor the situation in hopes that we can reopen for visitation soon. However, it is our responsibility to make sure your loved ones are as safe as possible and reopening our facility to visitors too soon could increase our residents' risk of exposure to COVID-19. As such, and for the safety and well-being of our residents, please continue to reach out to your loved ones through phone, FaceTime, letters and e-mail and feel free to contact us directly if you need assistance facilitating that communication. Window visits are also an option at our facility.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at **803-328-6518**.

Sincerely,

*Bernard Brice*
