Skilled Nursing

Our Skilled Nursing and Long Term Care units assist those who may benefit from 24-hour nursing availability and assistance with meals, medications, or other activities of daily living. The environment at Las Brisas is designed so that members may live comfortably, as part of a community with a focus on health and wellness.

Las Brisas Rehabilitation and Wellness Suites is a newly-built 128 bed Skilled Nursing Facility. We offer luxurious accommodations in a vibrant, active, community focused on wellness and recovery.

Rehabilitation

Our Rehabilitation Program will consist of an interdisciplinary team to evaluate each member's unique situation and create an individualized plan of care to attain the greatest outcome possible.

During treatments our therapists will work to improve independence, strength and confidence to transition our patients to the next level of living or the least restrictive environment upon discharge.
